CONTRACTOR REQUIREMENTS DOCUMENT, RICHLAND OPERATIONS OFFICE
DOE O 110.3, CONFERENCE MANAGEMENT, dated 05-08-00

The contractor must comply with the requirements of this Contractor Requirements Document and apply them to conferences it sponsors, its employees'- attend at DOE- or DOE-contractor-sponsored conferences, and its employees'- attend in conferences sponsored by private interests.

1. DEFINITIONS:

- a. Attendance—physical presence at the conference location and activity in any way associated with the conference, including supporting (e.g., working at registration, hosting exhibit), presenting (e.g., giving papers, presentations, workshops), or participating (e.g., attending presentations or workshops).
- b. Conference—a meeting, seminar, retreat, symposium, or similar event that involves official travel. The following are not considered conferences for the purposes of this contractor requirements document:
 - (1) formal, structured training programs (including seminars specifically held for training purposes) that have specific objectives identified to improve certain knowledge, skills, and abilities;
 - (2) activities concerning work not funded by DOE that is conducted by DOE contractors;
 - (3) meetings requiring only local travel;
 - (4) Federal Advisory Committee meetings;
 - (5) contract preproposal, bid opening, and negotiations;
 - (6) public hearings and associated briefings;
 - (7) audit, inspection, and investigation activities;
 - (8) DOE technical/business program, project, or peer reviews
 - (9) activities funded through arrangements such as grants and cooperative agreements; and
 - (10) employees traveling to a site where work for DOE is being performed to discuss the status of the work.
- c. Senior contractor official-- equivalent to the Principal Deputy Manager of Richland Operations Office

- d. Sponsorship (or co-sponsorship)--having some control over the conduct of the conference and either having some financial responsibility or providing in-kind services (nonmonetary) for the conference, including control sufficient to influence costs, venue, or program content.

2. REQUIREMENTS:

- a. A senior contractor official must approve sponsorship, co-sponsorship, or funding for a Department of Energy (DOE) contractor conference if 30 or more DOE and DOE contractor employees are expected to attend the conference and will be on official travel. If fewer than 30 employees will be on official travel, organizations may establish any procedure to ensure the intent of the Order is met [e.g., delegate conference approval to a lower level (equivalent to a member of the DOE Senior Executive Service) in the organization]. A senior contractor official is the equivalent to the Principal Deputy Manager of Richland Operations Office. This authority cannot be delegated below that official's principal deputy. The official must obtain concurrence of the Principal Deputy of Richland Operation office. The official package must be sent to the Contracting Officer.
- b. When managing contractor-sponsored or co-sponsored conferences, contractors must:
 - (1) Keep Federal expenditures and attendance at conferences to the minimum necessary to accomplish program objectives.
 - (2) Minimize the number and cost of DOE-sponsored exhibits/booths at all DOE and DOE-contractor-sponsored conferences by using, where practical, DOE corporate-type exhibits/booths that can be shared by DOE and DOE contractor organizations. Exhibit/booth fees may not be charged to DOE and DOE contractor employees.
 - (3) Justify a recurring conference (do not assume that an annual conference must be held merely because it has been held previously).
 - (4) Select sites that minimize conference costs by, among other actions, minimizing conference administrative costs and attendees' travel and per diem costs and maximizing the use of Government-owned or -provided facilities.
 - (5) Select sites only after evaluating cost differences of at least three prospective locations. The selection process should identify opportunities to save costs in selecting a particular conference site or the timing of the conference (e.g., off-season rates). Contractors must maintain written documentation of the alternatives considered and the selection rationale used. Avoid selecting resort or recreational sites unless true cost savings will result. The written documentation must be forwarded with the approval package.

LIST B - Contractor Requirements Documents
(Provided in their Entirety)

DE-AC06-93RL12367
Section J, Attachment 2
Modification M152

- (6) Make binding conference arrangements only after obtaining the Approval of the Principal Deputy Manager of the Richland Operations Office. Employees are reminded that only designated contracting officers have authority to make contractual commitments on behalf of DOE
 - (7) Conferences sponsored by DOE contractors should not include events, such as entertainment or meals, that are being paid for by the contractor which will result in Federal employees violating the Standards of Ethical Conduct for Employees of the Executive Branch (5 Code of Federal Regulations 2635).
 - (8) Avoid commercial conference facilities for DOE-contractor- sponsored conferences involving classified or sensitive information.
 - (9) Use a format similar to that in Attachment 2, "Suggested Format for Conference Approval Request" in requesting conference approval to ensure necessary information is included. The information in Attachment 2 is necessary when 30 or more total employees from any DOE or contractor organizations are expected to attend the conference and will be on official travel. If fewer than 30 employees will be on official travel, organizations may establish any procedure to ensure the intent of the Order is met and the information shown in attachment 2 is documented for record and for reporting all sponsored and co-sponsored conferences. [e.g., delegate conference approval to a lower level (equivalent to the Principal Deputy Manager of Richland Operations Office) in the organization].
 - (10) Avoid holding conferences at non-DOE sites that do not meet the fire protection requirements of the Hotel and Motel Fire Safety Act of 1990 (P.L. 101-391, as amended). The Secretary of Energy or the Executive Secretariat may waive this requirement.
 - (11) Use Attachment 1, "Criteria for Conference Approval," as an aid in deciding whether to hold a conference.
- c. In determining the number of and which employees to send to a conference that requires employees to travel, contractors must:
- (1) Ensure that a contractor official (is equivalent to the Principal Deputy Manager of Richland Operations Office) approves attendance of employees at conferences.
 - (2) Develop its own internal procedure to ensure the minimum number of their employees are attending conferences.

- d. In determining whether employees should participate in a conference sponsored by a private interest, contractors must:
 - (1) Ensure that a contractor official (equivalent to the Principal Deputy Manager of Richland Operations Office) approves participation of employees at conferences.
 - (2) Determine that participation in the conference is in the best interest of the Department. In making this determination, the following factors must be considered:
 - (a) the relevance of the event to the Department;
 - (b) the potential benefit to the Department;
 - (c) the need to get DOE-related information out to the attendees and whether the particular conference is an effective means to do that;
 - (d) the number of DOE or DOE contractor employees who are either participants or expected attendees;
 - (e) the total costs for DOE and DOE contractor attendees and participants;
 - (f) the location of the event; the potential for any adverse appearance associated with Departmental participation; and
 - (g) whether DOE's interests would be better served by the Department's direct sponsorship of a conference.
 - (3) Consult, as necessary, with the DOE contracting officer before committing to contractor employee conference participation.
- e. DOE policy regarding reimbursement of conference registration fees, allowable conference (and related) costs, and funding the contractor follow:
 - (1) DOE will reimburse a contractor for its conference costs only if the principal purpose of the conference is to disseminate trade, business, professional, or technical information or to stimulate production per contract requirements.
 - (2) If a DOE contractor sponsors or co-sponsors a conference, it may charge attendees (including DOE and DOE contractor employees and non-DOE attendees) a registration fee and use the fee to offset the conference costs. The fee may not be used for any type of unallowable cost, such as entertainment or alcoholic beverages.

LIST B - Contractor Requirements Documents
(Provided in their Entirety)

DE-AC06-93RL12367
Section J, Attachment 2
Modification M152

- (3) DOE will not reimburse a contractor for the cost of entertainment, including alcoholic beverages, regardless of how the cost is classified; for example, DOE will not reimburse an entertainment cost included in a conference fee.
- (4) If a non-Government organization sponsors a conference and a single, mandatory, nonseparable registration fee is charged for both attendance and meals or an evening social event, the Government will reimburse the contractor employee's full registration fee. Employees must reduce claims for per diem if meals are included in a registration fee.
- (5) Although per diem is an allowable cost under DOE contracts, DOE will not reimburse contractors for any additional costs for employees meals.
- (6) In connection with conferences, DOE contractors may charge a separate voluntary fee to attendees to cover such items as meals and entertainment. This fee will not be reimbursed by DOE. However, when the employee pays this voluntary fee, he/she is not required to reduce his/her per diem.
- (7) DOE will generally reimburse contractors for their employees' registration fees for non-DOE or DOE-contractor-sponsored conferences.

f. Reporting Requirements:

Provide Richland Operations Office with the following information, in the following format, for reporting to HQ and Congress on all (DOE Sponsored/Co-Sponsored Conferences and Private Sector Conferences attended by DOE Federal and/or Contractor Employees) of their prior calendar quarter conference activities. Submit Quarterly Report to the Richland Operations Office one week prior to the last working day of the month following the end of each calendar quarter. For example, In CY 2000 the dates will be April 21, 2000, July 21, 2000, October 20, 2000, and January 08, 2000. Forward the information through e-mail or on disk in Microsoft Word format.

g. Organizational Points-of-Contact:

- (1) After receiving concurrence from Richland Operations Office post the following information about their organization's proposed conference on the Office of Management and Administration's Web site [<http://www.ma.doe.gov> (Conference Management icon)]: sponsoring organization, purpose of conference, date(s) of conference, location of conference, total estimated cost of conference, projected number of DOE and DOE contractor employees attending the conference, and any other pertinent information.
- (2) Confirm that their organization's proposed conference does not duplicate any other DOE or DOE-contractor-proposed conference by checking the Office of Management and Administration Web site (Conference Management icon) for information and include signed certification of this fact in their conference approval information.

3. RESPONSIBILITIES:

Contractor Principal Deputy (equivalent to the Principal Deputy Manager of Richland Operations):

- a. Approves all contractor-sponsored conferences as described in the Requirements 1.a.
- b. Obtains the concurrence of the cognizant field element as described in the Requirement.
- c. Ensures that contractor conferences are being held to support the contract's purpose and conform with the procedural requirements and policies of DOE O 110.3.
- d. Coordinates with the DOE Office of the Assistant Secretary for International Affairs on all foreign conferences, in accordance with DOE 1500.3, FOREIGN TRAVEL AUTHORIZATION.
- e. Coordinates with the DOE Office of Assistant Secretary for Congressional and Intergovernmental Affairs and the Director of Public Affairs when conference decisions may have congressional, intergovernmental, press, or public affairs implications or effects.

CRITERIA FOR CONFERENCE APPROVAL

The following areas should be reviewed and considered prior to approval of a DOE-sponsored conference.

Program Mission:

- How is the conference related to the mission and goals of the organization? (Specifically, how essential is the conference to those goals and mission?)

Purpose and Objectives:

- What is the purpose of the proposed conference?
- Are alternative means available for achieving the same expected results?
- Are other conferences planned or scheduled with the same objectives? Could this conference be combined with another?
- If the conference is recurring, is the need for this one justified at this time?

Location:

- Is the conference location the most cost-effective?
- Is there a basis for criticism?
- Have cost comparisons of other locations been considered?
- Is the location necessary to accomplish the conference goal (e.g., site visit to demonstrate research and development activity)?
- Is the conference site reasonably central to the majority of participants to lessen travel costs?
- Is the location the best suited for the conference considering the cost, attendance, and conference purpose?

Number of DOE/Contractor Employees:

- Is the total number of DOE and DOE contractor conference attendees necessary to achieve the purpose for which attendance at the conference is being approved?
- Is there any basis for criticism from external entities (e.g., Congress, General Accounting Office, or the Inspector General)?
- What is the cost per participant?
- Who will attend and what role will each proposed attendee play (e.g., speaker, chairperson, expert in a complex subject that requires experts in several subareas, etc.)?
- Can attendance be reduced without adversely affecting the objective?

Expected Benefits:

- What benefits will be derived from conducting this conference?

Support Contractor Performance:

- What assignments will the contractor perform?
- Do the contractor's responsibilities include any Government functions (e.g., exercising discretionary authority or making final value judgments that affect the day-to-day or long-term development, execution, and evaluation of Government programs).

Estimated Support Costs:

- Are support costs (e.g., printing, mailing, graphics, travel expenses, conference facilities, honorariums, etc.) reasonable and necessary?
